1. よむこと

I spend most of my time reading.

2.ながめる

And looking out from the windows of my life.

3.あそび

Sometimes at night, I play a bit, but not too much.

Just to feel that hollowness.

4.ストレッチ

I do body stretches in the morning.

5.くせ

I'm quite tall for my age; that's why I usually find myself peering outside.

6. しあわせ

I love to take naps in the afternoon, after lunch.

Happiness is hearing the voices of my parents arguing about nothing in the kitchen.

7.しずかなショック

I read the news on my mobile.

The latest is that my boyfriend left me...

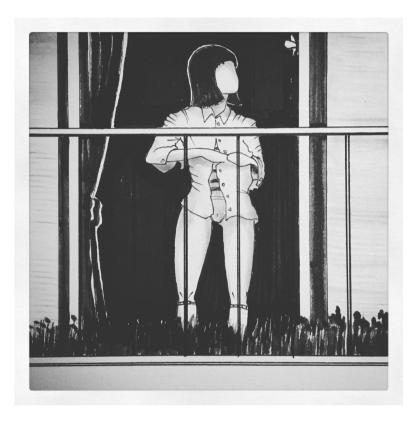

8. ひま

I lean out from the balcony and watch people and cars, smelling the rust on the handrail.

Yes, the air and the sun have a scent.

9. きがえ

Every morning I have the feeling that I am being stared at while I stare at something, a detail, a little nothing.

10. おもいで

This is an image of me in Switzerland.

11.げんざい

And back in Japan, just after the school year had started.

12. おふろ

I have been growing my hair since middle school.

Now it takes a long time to dry after my evening bath.

13.ひみつに

14. ゆめ

My dream is to become an airline pilot!

15.げんじつ

But I can also see myself driving a delivery truck.

That wouldn't be too bad either.
